

NOTE: THIS FORM IS ONLY FOR PATIENTS WHO DID NOT DO AN IN-PERSON EVALUATION. IF YOU DID AN IN-PERSON EVALUATION WITH DR. MITCHELL, DO NOT USE THIS FORM.

WHY AM I TRANSFERRING? Instead of trying to explain all of the changes the DEA is making to telemedicine, tell your new physician that Dr. Mitchell is retiring and you need to find a new doctor to prescribe your medication.

WHAT WAS I PRESCRIBED? Your new doctor can find all of your prescriptions from Dr. Mitchell for the past two years in the Florida Prescription Drug Monitoring Program which is called E-FORCSE. All doctors have access to this information online.

HOW DO I TRANSFER?

1. If you have a **primary care doctor**, ask if they or someone they know prescribes your medication. A special license is no longer required, so all doctors can now prescribe your medication, though not all doctors do.
2. Ask your **pharmacist**. They fill prescriptions for many doctors, so they might be able to refer you to someone who can help you.
3. If you have **insurance**, ask if they have a preferred provider near you who prescribes your medication.
4. Call **211** which is your county's health and legal information line to see if they can help you find a prescribing doctor.
5. Consider these **programs** which offer services in Southeast Florida. Call them for locations, appointment, and pricing information:

Memorial Integrated Care For Opioid Use Disorder
954-987-2000

Fifth Street Counseling Center
954-797-5222

New Season Treatment Center
954-782-9774

Compass Health Intensive Outpatient Programs
888.852.6672

6. Consider other **online** treatment programs:

Bicycle Health - bicyclehealth.com

QuickMD - quick.md

Workit Health - workithealth.com
