On this screen, be sure it says “Paying for an item or service” (1), so that I’ll pay the service fee and you won’t. If it says something else, click on “Change” (2) and select the “Paying for an item or service” option.

Fill in you credit card information (3). When I get your payment, I will see:

Your Name
Your Email
Your Shipping Address

Since I’m not shipping you anything, if you don’t want me to have your billing address, then unclick “Ship to my billing address” (4) and fill in a fake address.

Finally, click on “Continue” (5) and you will be taken to a final confirmation page. Click on “Agree and Send Money” and your payment will be sent to me.
